WHO ARE WE?

CEFPI is unique! Our principal purpose is improving the places where children learn. We embrace a diverse community of more than 4,000 professionals with one single goal – building healthy, safe and resilient 21st century learning environments.

Unlike other associations, our membership is made up of nearly every discipline involved in school planning, construction, and maintenance. From product suppliers, to architects in the field, to school district facilities superintendents, we work to serve the needs of this profession.

Every member matters in CEFPI and our strength lies in our diversity.

WHAT ELSE?

Webinars: Your one-stop shop for all CEU needs. While CEFPI's international, regional and chapter events provide high quality content and CEU's, webinars offer comprehensive online learning.

CEFP – Certified Educational Facility Planner Designation Launched in 2013, this designation is designed to elevate professional standards, enhance individual performance and demonstrate knowledge of educational facility planning. CEFP stands as a mark of excellence in the profession.

Symposia: The MacConnell Award and School Safety, Security and Resilience These one-day interactive symposia take place in award-winning facilities throughout North America and offer an opportunity to observe and understand the true reflections of community aspirations with 21st century learning. Symposia address school safety and resilience and the need to plan, prepare and mitigate...schools and communities must be better prepared to withstand natural and mad-made disasters.

School of the Future Student Design Competition: This is your opportunity to make a difference! The annual global competition challenges middle school student teams to think creatively as they design tomorrow's 21st century schools. The competition requires students to follow a planning process from the concept phase to completion – exemplifying project based learning.

James D. MacConnell Award

The MacConnell Award recognizes the importance of a comprehensive planning process resulting in educational facilities that meet multiple goals, while serving the needs of the students, staff and community.

Emphasizing the connection between the planning process and the end-result - a healthy, safe and sustainable school facility - uniquely assesses how well a school facility supports the academic program of the school district. This award represents the pinnacle of excellence in school planning, design, and construction.

Lifetime Achievement

The CEFPI Lifetime Achievement Award is the most distinguished professional award bestowed to an CEFPI member. This award is designed to honor an individual who has distinguished themselves by making significant lasting contributions to the educational facility planning industry throughout their career.

CEFPI Fellows

The CEFPI Fellow designation is bestowed on individuals who have consistently contributed to the association in the highest manner possible. They represent the mark of excellence in the industry in which they serve.
