Our association’s principal purpose is to ensure that our students have the best possible places in which to learn. Our members consist of practitioners involved in every aspect of school planning, design, equipping, operating and maintenance. We are dedicated professionals who want to share knowledge, best practices, and adhere to the highest standards and values in the art of delivering education through the intersection of learning and place.

Our association is unique in that we have members from multiple disciplines ranging from educators to architects and equipment suppliers, all providing a networking environment in which to share ideas and build valuable partnerships.

A communications platform within the membership that allows real problems to be solved through collaboration and connections with fellow professionals.

Opportunities to attend CEU producing, high quality educational events both in person and using distance learning platforms.

Our association is unique in that we have members from multiple disciplines ranging from educators to architects and equipment suppliers, all providing a networking environment in which to share ideas and build valuable partnerships.

Maintain real world competencies through accredited programs and the premier certification of the profession, our Accredited Learning Environment Planner (ALEP).

Participate in our SchoolsNEXT Student Design Competition.

Present and share your knowledge with colleagues at local and international conferences and events.

**The Association for Learning Environments is a local organization with Global Reach!**

The James D. MacConnell award exemplifies the organization’s belief that great schools begin with communication and collaborative planning. This prestigious award recognizes a comprehensive planning process that results in educational facilities that enhance the educational program, meet multiple goals and hold purpose and distinction within a community.
