Association for Learning Environments – A4LE

Re: Sponsorship Opportunities for Year 2024

Dear Partners in Education:

Our chapter continues to set the bar across the A4LE organization related to our ongoing dive into the “why” behind the connection between learning and facilities. Come be a part of our network and help us explore, define and refine the future of learning in Kansas City and our Region.

Our goal each year is to provide continued cutting-edge education for our members, grants to impact students and staff, and networking opportunities for continued community discussion and growth. 2024 will be no different. Through the support of sponsorships from valuable partners like you, we can offer the educational opportunities necessary to achieve our goal of providing healthy, sustainable, and future-focused learning environments for all students. In 2023 we were able to add scholarship opportunities to new and existing members to expand their learning experience within A4LE.

We invite you to join us in supporting the KC Chapter in 2024, the association, and the Kansas City education community, as it ultimately enhances student performance by focusing on improving learning environments. Your sponsorship will help us provide various networking events and specialty educational opportunities (such as a classroom grant for an outstanding teacher/program) that our chapter will support throughout the year.

The level of sponsorships and the benefits vary to fit your participation for the upcoming year:

- Platinum Sponsor \$2,500 (two opportunities-each platinum level will sponsor 1 grant award)
- Gold Sponsor \$2,000 (two opportunities - each gold level will sponsor 1 grant award)
- Silver Sponsor \$1,500 (five opportunities)
- Bronze Sponsor \$1,000 (unlimited)
- General Sponsor \$500 (unlimited)

If you are interested in one of the sponsorship levels listed above, please respond to us by December 11th, 2023, or go to the A4LE website to register under the KC Chapter. After receiving your preferred sponsorship level, the national A4LE office will contact you with an invoice, and payment will be due by January 15, 2024. If you have questions or wish to discuss these opportunities, please call me at 816-365-5552.

One of our largest accomplishments has been implementing our annual grant program. Your donations over the past years continue to allow us this opportunity. We feel this is a wonderful way to utilize our sponsorship funds to impact students and educators in classrooms every day. The sponsorships also allow us to carry on the tradition of our Quarterly Conversations. Every 3 months, we look for an opportunity to share new insights and spaces that enhance teaching and learning. Watch for the details coming soon for our first quarterly conversation happening in January at the North Kansas City Professional Development Center.

**On behalf of myself and our Board, THANK YOU for supporting our chapter, students, and educators!** Our chapter's continued success leads to future opportunities for engaging the broader A4LE Community. We look forward to the excitement that 2024 will bring.

Thanks in advance for your consideration!

Sincerely,

Jay Harris  
A4LE KC Chapter | President
