Presentations by:

3 teachers get their classrooms “flipped.” What happened?

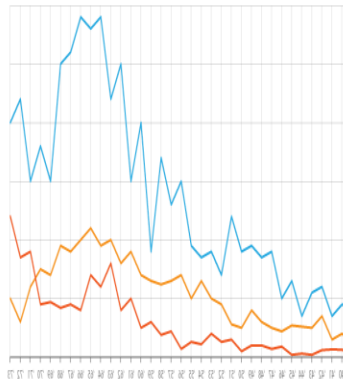

Sheri Simpson-Schultz, Principal, Wood Intermediate, Davenport Community Schools
Three classrooms were re-furnished, painted and got new fixtures in a 21st Century makeover. How’s it working? What happened to teaching and learning?

DCSD tries to go solar - again

Mike Maloney, Director of Operations, Davenport Community Schools
DCSD opened proposals for solar electric installations at multiple campuses. Hear how it’s going, the projected energy \$ savings and the connection to curriculum and instruction.

Enrollment patterns where’s up, where’s down, why and so what?

Robin Randall and Kalyssa Worden of Legat Architects and Mike Maloney, Director of Operations, Davenport Community Schools
Learn about trends in K-12 enrollment locally and nationwide and the impact on local districts where trends are up and trends are down.

Moline-Coal Valley School District gets a new Performing Arts Center

Superintendent Lanty McGuire, CFO Dave McDermott and the design team share the plans for this Moline High School project, another advancement for fine arts in the Quad Cities. Learn about the process leading to a new and revitalized Performing Arts Center.
