

Join Us!

The Association for Learning Environments New England Chapter is excited to announce that we are hosting a Furniture, Fixtures, and Equipment / Security Showcase at the WaterFire Arts Center in Providence, RI! The event is free for attendees, and we look forward to seeing you May 10.

The event serves as an opportunity for district administrators, educators, students, and community members to engage with vendors serving 21st Century educational facilities and learn about research into solutions for students. Vendors providing a variety of FFE and Security will be on-site to allow attendees the opportunity to try products and inform future decision making.

Over the last few years, Rhode Island's leaders and citizens have made significant investments to educational facilities for students. Rhode Island's commitment to innovative solutions through use of FFE is seen with the recent \$15 million 21st Century Technology and Equipment Fund which serves students across all communities.

Interested in being a vendor?
