

## EVENT HIGHLIGHT

### Le Jardin Academy Arts & Innovation Center Tour

HAWAII  
**FLOORING SOLUTIONS**

A4LE Hawaii Chapter was pleased to host its first school tour of the year inviting folks to the Le Jardin Academy (LJA) campus in Kailua. AHL lead the tour of the new Arts + Innovation Center, a 15,500 square foot facility designed to bring together a range of creative disciplines under one roof.

Eight years in the making, the recently completed building is the first phase of a multi-phase plan, strategically located at the center of school to support both middle and high school students, with plans to serve community beyond. The new facility serves as a metaphor for LJA's guiding principle to "Innovate for Positive Change".

Tour attendees gathered after the tour at nearby Ko'olau Distillery for pizza and cocktails. Fun way to spend the Saturday.

Left: Exterior View of LJA's Arts & Innovation Center; Top Right: A4LE Board Secretary Ina Wong (AHL) presents to attendees; Second Right: View along walking tour of new Instrumental Room; Third Right: View down exterior corridor; Bottom Right: View looking toward the Ko'olau from second floor landing

# Event Recap: “The Collision of Agile and Messy”

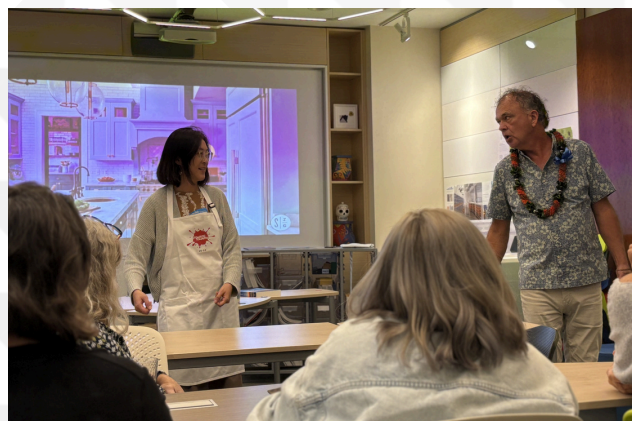

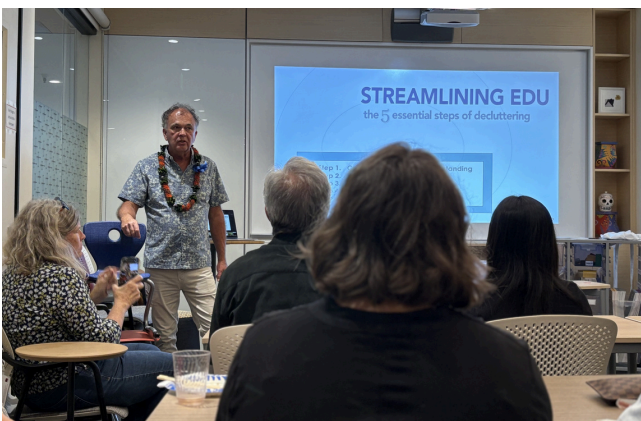

**PRESENTATION BY DAVID A. STUBBS II + VS AMERICA  
OFFICE PAVILION SHOWROOM, HONOLULU**

The Hawaii Chapter was thrilled to offer a unique opportunity to participate in an interactive session led by educational innovator, David A. Stubbs. The event supported and facilitated in conjunction with globally-renown furniture brand V/S, was hosted in the Office Pavilion showroom in Honolulu.

The talk and open discussion explored fresh, innovative concepts for appropriate systematic solutions, as well as guidelines and recommendations for storage.

The dynamic evening included a screening of recently developed documentary by partnership of David Stubbs Design and V/S, as well as a role-playing lessons learned demonstration on resources addressing key considerations around accountability, visibility, and streamlining access.
