

EVENT HIGHLIGHT

A4LE Hawaii Chapter Annual Summer Social

A4LE Hawaii Chapter was pleased to hold its annual summer social this past June hosted at Interior Showplace's new office and showroom located in Kaka'ako. The event drew one of the chapter's largest attendance in its recent history.

The event featured a talk story by Hawaii School Facilities Authority (SFA) Executive Director, Riki Fujitani, who shared a bit about what it takes for a state agency to become a catalyst for improved efficiency and reduced government spending. The agency's more recent initiatives covered ranged from modern multifunctional facilities to more creative procurement strategies.

Attendees socialized and connected while enjoying pupus, and refreshments.
