

# **Dedication Elementary**

**Bullis Charter School**

# Mission Statement

Dedication Elementary strives to assist students in igniting a passion for learning and a respect for their environment. We also teach students the importance of support and connections within our community and how to be independent individuals. We are dedicated to making them stronger global citizens and preparing them for the real world ahead.

Wait for pickup

Spend time together

**After School  
Program**

# Diversity Day

Once a month we hold diversity day. Kids of all cultures can bring in things about their religion so that the school can learn.

We can also educate the community during our farmers markets.

**Thank You!**
