

## **General Information**

The North Carolina Chapter of the **Association for Learning Environments (A4LE-NC)** sponsors a competitive scholarship program to provide financial support for students currently enrolled in a North Carolina undergraduate or post-graduate program related to planning, design and construction of schools.

**A4LE-NC** is a professional organization of individuals, institutions and corporations in North Carolina who are actively involved in planning, designing, building and equipping schools. **A4LE-NC** offers information, training and networking opportunities to assist our members in becoming better planners, resulting in schools that better serve students and their teachers. **A4LE-NC** is here to foster and promote best practices in planning school facilities.

Each academic year, **up to five students** in a North Carolina college or university will be selected as the recipient(s) of a **\$2,000.00 A4LE – North Carolina Scholarship Award.**

Based on the number and quality of the applications received as well as funds availability, a larger or smaller amount may be awarded to a single student and the number of scholarships awarded may vary.

## **Submission Requirements**
