The new Second Stadium at Katy ISD is forward-looking in many ways, and will be a safe, inspiring, and beloved community venue for many years to come. This presentation will share highlights of the master plan and design, and will focus on the Safety and Security Concepts employed in the process. This project will be one of the first high school stadiums in the US to achieve an NCS4 SESA Designation — that stands for “National Center for Spectator Sports Safety & Security – Sports Event Security Aware”. This is a new agency and a new process that are addressing key issues and integration between facility design and operations.
PROGRAM:
The Next Generation of a High School Stadium – Katy ISD

CHECK-IN:
Members and guests must check in at the front office. Student guides will be made available to assist guests to the gymnasium after check-in.

PARKING:
Members and guests may park on the adjacent property at DHA. There is a gate that will allow access to the Heights Primary site. We will be meeting in the gymnasium.
