

Safet**EE**E in Numbers

A4LE School Safety Symposium
March 1, 2019

PRESENTERS

Joe A. Vela, AIA
Principal
Aedis Architects

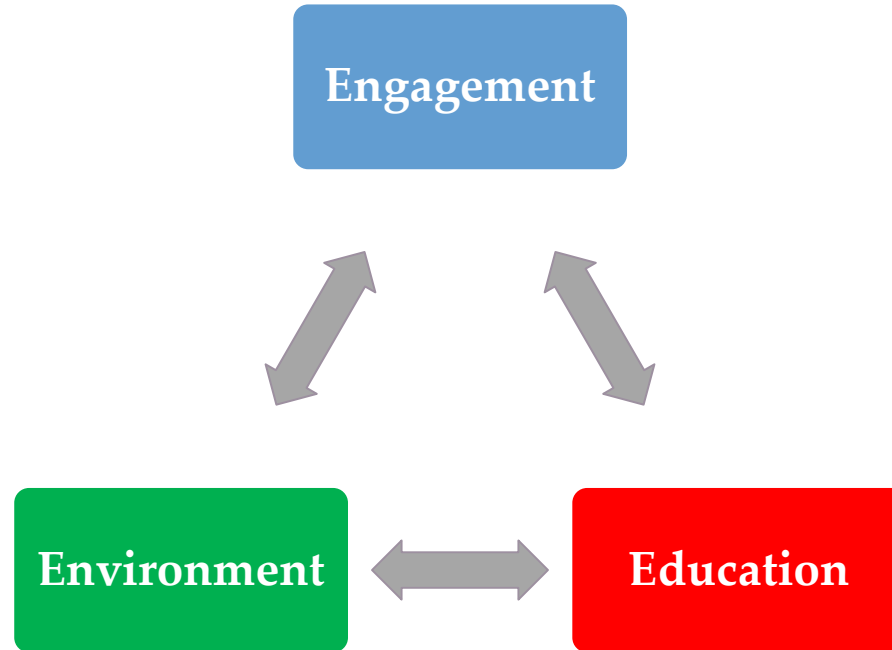

Cheryl Galloway
Manager Facilities Use,
Safety, Energy
Gilroy Unified School
District

AGENDA

- SafetEEE in Numbers
 - Engagement
 - Environment
 - Education
 - Questions

Engagement

- Partnerships
 - Stakeholders
 - Police Department
 - School Resource Officers
 - Training Officers

Environmental Design Upgrades:

- Pedestrian Safety
- Traffic Calming
- Street Lighting
- Signage
- Landscaping
- Security

GILROY POLICE DEPARTMENT

Gilroy Police Department

CPTED
Adopt-a-school Program
Crossing Guard Training
School Resource Officers
Road closures - Silva's Crossing
Run Hide Defend - Active Shooter Drills

Engagement

- Partnerships
 - Fire Department
 - Training

Gilroy Fire Department

- Hands Only CPR Training
- Fire Extinguisher Training
- CERT Training
- Basic First Aid Training
- Automated External Defibrillator Program

The graphic includes several images: the Gilroy Fire Department logo, a photograph of two firefighters at a counter, a photograph of an Automated External Defibrillator (AED), a photograph of three firefighters in uniform standing in front of a fire truck, and a photograph of a fire station building. A small circular inset at the bottom right of the graphic shows a list of training topics.

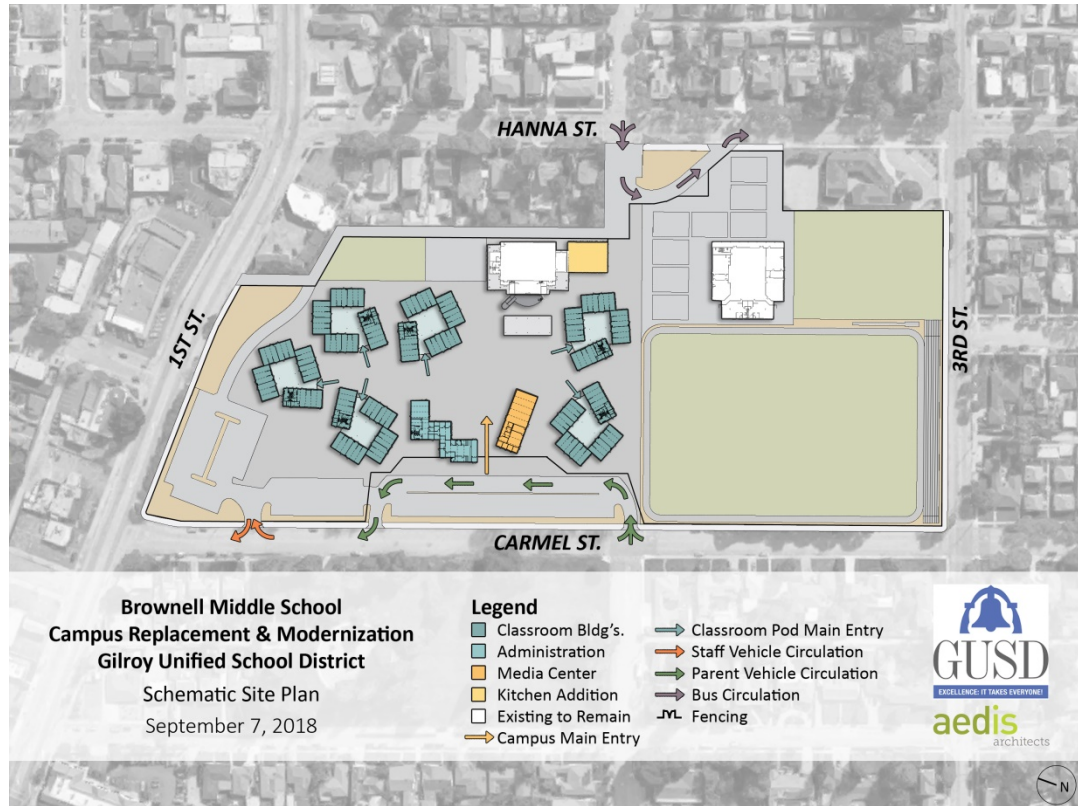

- Partnerships
 - Community Emergency Response Team (CERT)
 - Emergency Operations Centers

What do essential oils have to do with bugs, rodents and other pests?

Steam away weeds?!

Do you know the difference?

Reporting vs. **Tattling**

The purpose is to keep people safe	vs.	The purpose is to get someone in trouble
You need help from an adult to solve it	vs.	You can handle it by yourself
It is <u>IMPORTANT</u>	vs.	It is <u>NOT</u> important
It is harmful, dangerous, or threatening	vs.	It is harmless, or may be annoying
The behavior is done on purpose	vs.	The behavior is an accident

Facilitron

- Scheduling

The Importance of Entering Schedules in  facilitron

Entering EVERY activity taking place outside of regular daily school hours into our facility management system allows the district to track how school facilities are used and to coordinate security and other support services. Your cooperation is needed and required - be part of the team! Visit us at: www.facilitron.com

01 Safety & Security

In case of after-hours emergencies, it is critical that administrators and first responders know which campuses have activities taking place to keep everyone safe.

02 Support Services

Custodians and maintenance staff need to know who is using which facilities so they know when to open and close doors, keep our schools clean, and make repairs when necessary.

03 Fiscal Responsibility

Gifting public funds by allowing groups to use school facilities without charging is illegal. Groups must cover the costs of using school facilities as mandated by law. Facility Use Fees are used to fund employee time, upkeep and renovation of facilities.

04 No Scheduling Conflicts

Put an end to double booking facilities and ensure set up and take down times are reserved for the many events that occur at a school site.

05 Reduce School Liability

Community groups are required to have insurance to use school facilities. Non-profit groups must also be verified before receiving special rates. Failing to treat groups equally can lead to disputes and even litigation.

06 Data Integrity

Our facility management system collects important data about how district facilities are used to allow the district to make informed decisions on facility use. Incomplete data complicates the process.
